

# ENVIRONMENT, HEALTH AND SAFETY POLICY

BENGAL  
AEROTROPOLIS  
PROJECTS LIMITED

At **Bengal Aerotropolis Projects Limited (BAPL)**, we believe ensuring sound health and safety and a sustainable environment is integral to our vision of holistic growth.

Being committed to our Environment, Health and Safety (EHS) Policy, our aim is to not only look after the health and safety interests of our stakeholders, but also implement social and environmental sustainability across all our operations as well as our services for our employees.

In achieving this common goal, every employee associated with **BAPL** is individually responsible in putting the policy into practice in true spirit.

Our goals:

**(a) KEEPING ACCIDENTS TO ZERO (b) ENSURING SAFETY OF THE PEOPLE (c) PROTECTING THE ENVIRONMENT**

**BAPL's EHS Policy particularly aims to:**

- Meet the requirements of relevant laws, regulations and codes of practice
- Ensure that we transparently adhere to the stipulations of the EHS Policy in all our initiatives
- Assess and minimise the risks of our operational hazards
- Adopt the best practices in dealing with all our partners and associates in maintaining the standards of the EHS Policy stipulations
- Ensure required training to all our working groups
- Disseminate information and instruction properly
- Provide appropriate equipment and facilities for the fulfillment of our policy
- Recognise individuals and associates in order to advocate ownership
- Review the policy periodically for continual and all-round improvement of the company
